Summer Fun Program 2022

Every parent's dream is to have their child grow and develop in a safe, nurturing environment. Every child's dream is to experience new and exciting things about the world around him/her. This year's Summer Program theme we will be "Crafts from Around the World".

Our Preschool Summer Program incorporates fun, summer-themed activities to reinforce the learning objectives children have accomplished throughout the school year. In addition, the program continues the same daily schedules and learning routines to help children easily transition into the next class at Sun's.

Creative Arts/Crafts
Music and movement
Fun Games
Water Play
Pizza Party
